Subject: CAG Meeting & TASC

Doug,

I was wondering if the CAG has set a date for the next CAG meeting? Will there be a meeting in February?

Also, remember that TASC works for the CAG and not EPA. If you have any document review requests, presentation requests, etc., please be sure to communicate those requests to TASC with sufficient lead time before a meeting so the work can be done. TASC is unable to do work on behalf of the CAG without a request from the CAG.

Hope you had a good holiday and happy new year. Let me know if you have any questions or need anything.

Regards,
